

## Mitre™ conference

This modern Conference unit offers a professional platform for conferences and meetings, whilst also being ideal for use in break out and reception areas.

The cabinet is supported by a stylish yet superior strength steel LCD stand with integral base for maximum stability. Simple yet ingenious height adjustable VESA compatible bracket will secure LCD screens up to 65" and allows for full height adjustments in increments of 40mm up to a maximum of 800mm above the top platform, to allow precise positioning to suit individual room environments. The bracket also allow for tilt up to a 15° angle for optimal viewing angle. The rear of the LCD column feature a full length vented rear access cable management cover. A 19" rack mount accessory is available with 23 hole pitch positions and fixings. An optional height adjustable video conference shelf that can be secured above the LCD screen to convert this module in to a truly professional video conferencing tool.

### Mitre Conference features

Light grey cabinet with graphite grey, ruby red or aqua blue top and base. 5mm curved smoked lockable tempered safety glass doors. 3 height adjustable shelves plus sliding top shelf and a practical sliding draw at base. Durable 100mm Tente® twin wheeled, precision ball bearing castors, 2 locking. Maximum spread load capacity recommended at 150kgs.

### LCD mounting bracket

Robust steel bracket supports VESA hole configurations of 75 x 75mm, 100 x 100mm, 200 x 100mm, 200 x 200mm and 400 x 200mm and 400 x 400mm. 400mm VESA pattern is achieved by securing the additional attachment plates that are provided as standard and may be required with larger sets. Recommended maximum set weight of 45Kgs.
